GEO SHUTTERS & SHADE

SHUTTERS

Shutters are the perfect way to add a finishing touch to any home or business.

Geo Shutters can produce shutters that fit almost any window, sliding door or opening, in endless configurations. Geo Shutters offers a range of shutter types, including hinged, sliding, bi-fold and fixed shutters, and we provide a comprehensive range of finishes, colours and styles for you to choose from.

Unlike many other window treatments, shutters have the unique ability to simultaneously control the level of light, airflow and privacy to your home – all while adding a magnificent touch of class!

Our shutters are very easy to clean and virtually maintenance free. They are child friendly, with no cords or fittings that could cause injury. We also have shutters designed specifically for use in wet areas.

Interior shutters

ALUMINIUM SHUTTERS

Our aluminium range is perfect for outdoor areas, providing unlimited design opportunities.

The range is weatherproof and can be used in a variety of locations, creating a space that you can enjoy all year round.

TIMBER SHUTTERS

Not only does timber bring an earthy warmth and beauty to interiors, it is a natural material which ensures longevity and strength.

It provides UV protection for your furnishings while still allowing you to maintain views through your window.

Our timber shutters come in a wide range of painted, stained and printed finishes. There are three blade sizes and a variety of colours to choose from.

Made from basswood and assembled using mortise and tenon joins, this strong yet light weight panel allows for wider spans than the PVC range.

PVC SHUTTERS

Made with an extruded composite material, PVC shutters are an ideal solution for bathrooms and wet areas, or anywhere moisture may be present. It is also a cost effective shutter option throughout the home.
